# Dedication

To the terrified seventh graders of six years ago, the faculty was the epitome of adult severity in an already bewildering and frightening sea of ringing bells, crowded halls, overbearing upper classmen . . . and no recess! Gradually, their more human, occasionally youthful, qualities became evident. Faculty basketball games provided an opportunity for the students to see in a teacher some of the awkwardness that we had come to see in ourselves. The teacher's involvement with a student was not limited to mere classroom instruction. It extended into all extracurricular and class activities and often into friendship. It is the faculty who has transformed us from an unruly mob of seventh graders to a unique assortment of mature individuals. They have given us something of their learning, something of their strength—something of themselves. For all this, we are grateful.

Earl F. Groner will retire at the end of this year after thirty-seven years as a teacher and an administrator in the Stroudsburg Area School District. Mr. Groner, a native of the Stroudsburgs, received his B.S. in Education from East Stroudsburg State College and his M.S. in Administration and Supervision from New York University. He did graduate work beyond his Master's degree at the University of Pennsylvania and Columbia University.

In 1932, he began a career as a history teacher at his high school. Five years later, Mr. Groner was appointed assistant principal, a position that he held for nine years. For the next four years he was principal. In 1950, he became superintendent of the Stroud Union School District.

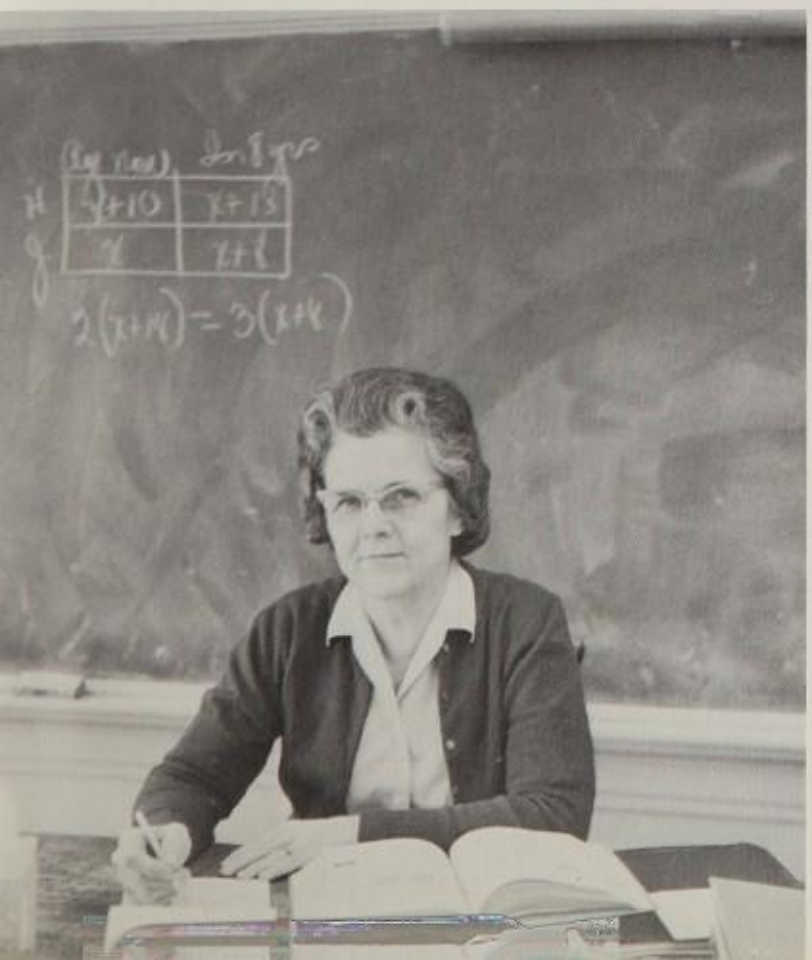
Mr. Groner has been very active in community affairs. He has been chairman of the Monroe County Boy Scouts and has served on the executive committee of the Delaware Valley Area Boy Scouts. He is a member of and past president of the Monroe County Historical Society and is involved in the Monroe County YMCA and the Stroudsburg Rotary Club.

The population of Stroudsburg High School has doubled since Mr. Groner first came here. Fortunately, the educational facilities have grown as fast as the enrollment. For much of this growth Mr. Groner should be given credit. He will be greatly missed.

Miss Lillian Stark, present head of the Social Studies Department, is a teacher whose absence will be deeply felt when she retires at the end of this school year. Graduating in 1925 from the Normal School in East Stroudsburg, she went on to spend two years as sole teacher and administrator of the two-year Hamilton High School. In 1928, Miss Stark received her B.S. in Education and came to Stroudsburg High School. She continued her education at intervals, receiving her Master's in Education from New York University in 1936, and taking advanced work in history at Lehigh University.

Many have come to know her in the forty-four years she has spent teaching social studies, mathematics, English, and Latin. Miss Stark was a senior class advisor from 1940 through 1966. Yearbook staffs from 1944 to 1966 and the 1969 *Pioneer* staff have benefited from her consul as either advisor or financial advisor.

Miss Stark has given much of her life to us and to others like us. It is reassuring in an era of a supposed extreme generation gap to hear her say, "I am just as fond of teaching school now as I was in the beginning."



Mrs. Gertrude Welsh is one of two teachers who will retire in June 1969. Mrs. Welsh has spent a great deal of her life in the academic world. Her career started with graduation from Waynesburg High School in Waynesburg, Pennsylvania. After deciding to further her education, she remained in her home town to attend Waynesburg College, where she majored in English, Latin, and mathematics. In 1928, Mrs. Welsh received her B.A. degree cum laude. She later took courses at Pennsylvania State University.

Putting her major fields of learning to work, Mrs. Welsh taught mathematics for four years at Jefferson Township High School and English literature and Latin at Monongehela Township High School. For sixteen years, Mrs. Welsh has taught at Stroudsburg High School, first English, and presently mathematics.

Mrs. Welsh's students have come to know her as a teacher of fine quality, and they appreciate her efforts to enlarge their experiences. They hope that her years in teaching have been as rewarding to her as the years have been to them. As retirement approaches, the student body wishes Mrs. Welsh good luck and Godspeed.

Although the *Pioneer* is dedicated to the entire faculty, we the senior class, feel that one teacher, Mrs. Kunkle, should receive special recognition.

Since she resumed her teaching career in 1964, Mrs. Kunkle has dedicated much of her school time and free time to our class and its activities. She was class advisor in our sophomore year, financial advisor with Mr. Kolcun in our Junior year, and is presently financial advisor for both the Senior class and the *Pioneer.* Mrs. Kunkle has helped with many of our activities, including the Book Fairs, dances, Homecoming, the Class party, and the Junior Class Play.

We cannot thank Mrs. Kunkle enough for giving so much of herself, her time, her attention, and her understanding.

## STUDENT COUNCIL

The student council is the organization which affords the students the opportunity to voice their ideas concerning the government of their school. This year's student council instituted a varied format of social and service programs. The council sponsored a pep club to promote school spirit, a food drive for the needy, and the publication of a student handbook. The council performs many functions which prove that it is a vital and productive organization worthy of our whole-hearted support.

## HONOR SOCIETIES

Election to the National Honor Society or the Junior National Honor Society is one of the highest awards that can be granted to a student. These organizations exist to recognize the outstanding student – the student who not only excels scholastically, but who also exhibits the qualities of leadership, character and service.

## FUTURE TEACHERS OF AMERICA

The F.T.A. is an organization which provides those students interested in pursuing teaching careers with the opportunity to learn about the different fields of education. Each year in the fall the club spends one day visiting college campuses. The main social function of the Christmas holidays, the "Mistletoe Ball," is sponsored by the F.T.A. to raise scholarship funds for a chosen senior.

## GIRLS' VARSITY "S"

The Girls' Varsity "S" club plays an important role in the girls' athletic activities at S.H.S. It is the basic organizer and supporter of the various gym clubs and unifies the representation from them and the three varsity sports — field hockey, basketball, and cheerleading into one body. Along with the basketball concession stand, the annual "Gym Show" and banquet are among the outstanding events of the year.

Joanne,
I like your boots !! Remember sitting here not ready for our book reports - at least I wasn't! Have fun in all you do - especially this summer. See you next year, maybe will be in Eng lish again!
